CONDITIONAL JOCKEYS

The following list shows the employer and riding weights of every conditional jockey who holds a licence for the 2004/05 season. The figures in brackets show firstly the allowance claimed by each rider and secondly the number of winners each jockey has ridden.

Conditional jockeys are entitled to the following allowances in steeplechases and hurdle races which are open to professional jockeys: 7 lb until they have won 20 races; thereafter 5 lb until they have won 40 races; thereafter 3 lb until they have won 75 races (any win in any kind of race in any country included). An additional 3 lb can be claimed by jockeys riding for their own stables, until they have ridden 5 winners. The allowances can be claimed in the following races, with the exception of conditional races: (a) all handicaps except the Grand National (b) all selling races (c) races up to class C inclusive.
